2019 IEEE 8th Data Driven Control and Learning Systems Conference

May 24-27, 2019, Dali, China

Dear Prof. Chaoli Wang,

We would like to express our sincere thanks to you for submitting your paper(s) to the 2019 IEEE 8th Data Driven Control and Learning Systems Conference (DDCLS'19). The paper peer review process has now been concluded. It is our pleasure to inform that your paper, indicated below, has been accepted for publication in the proceedings of DDCLS'19. We invite you to present your paper at the Conference, to be held in Dali, China, May 24-27, 2019.

Paper ID: 0157
Title: Head Pose Estimation with Siamese Convolutional Neural Network
Author(s): Fuxun Gao, Chaoli Wang

This letter serves as the official acceptance of your paper as well as invitation to present your work at DDCLS'19.

You can log in "TCCT Conference Paper Management System" (http://cms.amss.ac.cn) with your PIN and password to view the review comments. Please revise your paper in light of the reviewers' comments and the Associate Editor's summary. While submitting your final paper, please notice that the copyright transfer must be submitted in the system.

Please note that at least one of the authors is required to make the advance conference registration in order for you to upload the final manuscript, which must be completed by April 15, 2019. The Conference Final Announcement will be sent to you later, which will provide further information about the final program, conference venue, hotel, etc.

Please visit the conference website http://ddclo.bjtu.edu.cn/2019ddcls/ for further information.

Thanks again for your support to the Data Driven Control and Learning Systems Conference. We are looking forward to seeing you in Dali, China.

Should you have any additional questions, please feel free to contact the conference secretariat.

Sincerely yours,

Mingxuan Sun   Huaguang Zhang
Program Committee Chairs, DDCLS'19
